New to *Principal*. This new department is designed to give you a chance to reflect on this issue’s articles and to tickle your funny bone at the same time.
The President's Challenge

Challenge your students to be healthy.

It’s Fun and Good for Everyone!

Everyone knows the benefits of being physically active and fit. Let the President’s Challenge be your tool for making that happen. Visit www.presidentschallenge.org to see how fun it can be for you and your students!

Be Active “Your Way”

The U.S. Department of Health and Human Services recently released Physical Activity Guidelines for Americans (www.health.gov/paguidelines) to help people of all ages and abilities become healthier, doing things they like to do. The President’s Challenge offers four programs to help you and your students stay motivated to meet these guidelines, be active, and get fit:

- Presidential Active Lifestyle Award (PALA)
- Presidential Champions
- Physical Fitness Test
- Health Fitness Test

Fitness Has Its Own Rewards

You can get everybody at your school active with the Presidential Active Lifestyle Award program, measure students’ improvements with our Physical Fitness or Health Fitness Tests, and recognize each person’s achievements through the President’s Challenge, the only program that offers awards signed by the President of the United States.

Your school can get recognition from the President’s Council on Physical Fitness and Sports by becoming a State Champion, Demonstration Center, or Active Lifestyle Model School.

Visit our Web site today to find out how you, your students, and your school can help make America a stronger, healthier nation.
