A Leadership Guide to Navigating the Unknown in Education

New Narratives Amid COVID-19

Sally J. Zepeda and Philip D. Lanoue

Featuring narratives from expert leaders in urban, rural, and suburban school systems, this book explores important questions about the "new normal" such as the ways in which students can and should learn, how educators can teach and lead effectively, and how schools can carry out important functions beyond their instructional mission. Full of takeaways and firsthand insights into how systems and their schools faced turbulence, disruption, and adaptation, this book is a must read for today's educators committed to making a positive impact on the students they have the duty to serve.
